

Affidavit of Fred Hyde, MD

I, Fred Hyde, MD, have been retained by SEIU Healthcare 1199NE to assist to analyzing proposals for reduction, consolidation, privatization or reconfiguration of services funded through the Connecticut Department of Developmental Services (DDS).

In this work, I have solicited narratives from guardians, case managers and clinical professionals concerning the potential impact of such proposals.

I have in my possession these original observations, and have condensed and anonymized them, so as to make them available for presentation in a public website, and also to minimize the potential for harassment or retaliation.

This affidavit is appended to these edited narratives, to indicate that I affirm the accuracy of the representations in these condensed and anonymized versions.

Under penalties of perjury, I declare that I have read the foregoing and the facts are true to the best of my knowledge and belief.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

Fred Hyde, MD

SWORN TO AND SUBSCRIBED before me

this 5th day of December, 2016.
